TIMOTHY S.Y. LAM FOUNDATION
SCHOLARSHIPS & GRANTS FOR THE HOSPITALITY INDUSTRY

TSYLF NEWSLETTER

September 2020

Dear TSYLF Friends:

This past March, the world closed for renovation and we have all been getting ready for the grand opening. When that day comes, people will remember you for what you did during this time. How you handle the crisis and how you act, your energy, and your commitment will all define you during this time. Now is the best time to refocus so that you remain positive and keep moving forward. We may be in an intermission but the show will come back. Where you will be when it does?

Here at the Timothy S.Y. Lam Foundation, our board has been creating scholarships and grants to meet current needs in the hospitality industry. We also welcomed a new board director, Donna Murray, to our team of innovative and thoughtful leaders. We encourage you to take this time to reboot, redefine, and refocus. Remain positive and continue to build deliberate and thoughtful connections. Incredible ideas will come out of this and we look forward to hearing about your success.
